# Sunsail Sailing Schools

## Your yachting career starts here!

Our cruising ground in the Whitsundays opens up a world like no other; with some of the very best sailing conditions and scenery in the world, you really will experience sailing at it's best here. However, if you fancy being taught in some equally amazing sailing destinations around the world then we also offer our Competent Crew and Day Skipper Practical courses in the wonderful Canaries, the tropical Caribbean, inspiring Thailand or along the scenic UK coastline. We have even launched a brand new RYA Sailing School at Club Vounaki in Greece for 2010.

So, whatever level you're at and want to reach; Sunsail have the course for you.

Some of our most popular courses:

### RYA COMPETENT CREW

**Duration:** 5 days

With no previous experience needed to join this five day course, the aim is to introduce the complete beginner to cruising under sail, thereby enabling them to be an active crew member onboard.

### RYA DAY SKIPPER PRACTICAL

**Duration:** 5 days

Upon successful completion of the relevant theory course, the Day Skipper Practical course teaches basic practical skippering techniques to enable a student to become a skipper of a yacht on short coastal passages by day.

### RYA COASTAL SKIPPER PRACTICAL

**Duration:** 5 days

For the experienced Day Skipper, this five day practical course provides the skills required to take a yacht out on longer and more demanding passages. This course includes advanced chart work and navigation techniques.

*NB. Not all courses are available in all worldwide locations. Courses held in the Whitsundays are accredited by both the Royal Yachting Association and Yachting Australia.*
